RELEVANT PROFESSIONAL EXPERIENCE

Teaching Assistant   2021– Present
Trilogy / Southern Methodist University; Dallas, TX (Remote)
Support the Instructor during lectures and educational program specific activities. Answer students' questions during class sessions. Utilize Zoom's "breakout-rooms" feature during activities and in-class projects to assist the students, as needed. Ensure that homework is graded on-time, and occasionally assist with grading. Lead weekly office hours.

Central Grader   2022 – Present
Trilogy / Southern Methodist University; Dallas, TX (Remote)
Support the Full Stack Flex certificate program by grading submitted assignments and providing feedback and encouragement. Check for possible plagiarism and verify applications meet requirements. Report to instructors any struggling students for more focused support.

Volunteer Developer   2021 – 2022
Known Point Technologies; Concord, NH (Remote)
Used and modified existing code to create new pages. Debugged any issues that arose from reusing the code and debugged existing code. Utilized existing Redux for webpages. Met with the team every week to ensure collaboration and teamwork.

PROJECTS

Replay | https://github.com/DoubleLForce5/Replay | https://replayvideos.herokuapp.com/
- In charge of route handling for this website. It provides users a way to search for content through the Youtube API and add the content to playlists to view.
- Tools: HTML, CSS, JavaScript, Express, Dotenv, Mongoose, MongoDB, React, React Router, Axios

Gamer Groups | https://github.com/mmorrisonlk/gamerGroupFinder | https://gamer-groups.herokuapp.com
- A website that provides an easier way for users to find or create groups for playing games together.
- Responsible for the Views part of the MVC. Utilized Handlebars and HTML to develop the pages. Also deployed to Heroku, assisted with push to and pull from GitHub, and supported team members as needed.
- Tools: HTML, CSS, Express, JavaScript, Handlebars, BCrypt, MySql, Sequelize, Heroku deployment, date-fns, and MySql Workbench for initial database.

Marvel Character Directory | https://bit.ly/3rGnY5P| https://bit.ly/3BPTEuf
- Developed a website with a group that pulls information from APIs to display based on what Marvel character the user chooses.
- Developed the JavaScript file and made minor adjustments to CSS and HTML so they would flow well.
- Tools: HTML and JavaScript with Materialize CSS elements.

<div align="center">ADDITIONAL PROFESSIONAL EXPERIENCE</div>

Results Staffing; Dallas, TX   2018 – 2021
Administration Payroll Specialist | 2019 – 2021
